---

Present: Joe, Ariel (briefly, left to attend to flood at work), Corinne, Greg, Daniel, Donna (no email address).

1. Selected color of shirts for workers (Cardinal) and participants (Green Mist - back by popular demand).
2. Joe informed us that the club has 115 dues-paying members. We mail 75 newsletters. Four members have elected to receive their newsletter electronically.
3. Greg needs our tax ID number. Rob - please send this to Greg: small@remaxoflafayette.com. Greg has made contact with a number of local merchants (Marsh, for example). Will request items such as bananas, apples, peanut butter... Some thought-provoking discussion of the number of bananas relative to the number of apples.
4. Joe gave a route update. Carrolton Hill presents a problem. Current plans send us down this steep, often wet incline, the scene of a recent "incident" by Marty Rossman. (Suggestion was made to outline a body at the site of his spill. Quickly dismissed by members present.) There is concern that riders descending this road may be subjected to undue risk, particularly if the road is at all wet. We discussed two alternatives. One involves a 3-mile work-around that sends riders down a steep but straight path. The other possibility is to alter the route so that riders go up Carrolton instead of down. Joe will investigate with Charlie the possibilities.
5. T-shirt artwork: Put ride name/date on front, together with the pedals and shoes picture. On back, ask Claude to do design so that we can also accommodate sponsors. Ariel will put this to Claude.
6. Discussed Arnett Bike Rodeo - to be held July 16 at Greenbush facility, 10 am - 1 pm. Joe has committed to being there. Others are welcome to join him, of course.
7. Daniel does not think that our website is optimized for Google searches. Andy will look into this, ie, will bring up with Becki Farley.
8. Next Board meeting; July 18 at (NEW SITE) - Parthenon Restaurant in Chauncy Hill Mall, 7 pm.
