Carol will talk to the art teacher at Lafayette Jefferson High School (who said she is happy to work with T-shirt printing companies).

Registration timeline: This will be similar to last year.

Additional tasks that need to be completed:

- **Mass mailings** to bike shops will need to be sent out.
- Clean the **attic at Hodson's**. There is a lot of stuff in the attic at Hodson's that would benefit from being cleaned out before the river ride. It might be helpful to talk to Dan and then organize a small group to tidy things up. This would help with preparations and tear down for the WRR.
- John may be able to create more **paint templates**.
- **Online registration** should ask riders how they heard about the ride.

Call Out Day: Andy will reserve the south shelter on May 9th.

All club ride: Greg proposed scheduling a couple all club rides where everyone starts at the same place and aims to end at the same time.
